BACKGROUND

Telford Living has appointed architects JTP and place consultants AND London to engage with the community to co-create a new vision for the comprehensive, residential-led, mixed-use redevelopment of Crisp Street. The team will then move forward to prepare a new planning application for submission to Tower Hamlets Council early next year.

We are re-engaging with the community to ensure that residents and businesses have their say in shaping the future of Crisp Street, so that the resulting redevelopment reflects the needs of residents and businesses, and is fit for the future.

Subject to obtaining planning permission, Telford Living will be able to embark on the next stage of the redevelopment of Crisp Street over the coming years, bringing the vision to life.

CO-DESIGN EVENT AND NEXT STEPS

Throughout May, more than 800 local residents joined us at the Crisp Street Co-design Events, hosted by JTP. Across a packed programme of interactive sessions, the community came together to share ideas and help shape the future of Crisp Street through ideas walls, AI-powered tools and collaborative design tables.

Following the Co-design Events, the JTP team have been analysing and summarising the outcomes to draw up an illustrated vision for Crisp Street which will be reported back at the Summer Saturday sessions on 26 July and then again on 30 August 2025. Come speak to the design team and tell us what you think!

There will be further opportunities to view and comment on proposals as they are developed in advance of the anticipated planning application submission in early 2026.
